

## **REPORT ON WORLD WATER DAY SEMINAR**

Organized by SANDHAN TRUST

Date: 22nd March 2025

Venue: Pauradhar, Doomarkachhar, India

Topic: "If There is Water, there is Tomorrow"

### **Introduction**

On the occasion of World Water Day, SANDHAN TRUST organized a seminar in Pauradhar, Doomarkachhar on 22nd March 2025 to raise awareness about water conservation and its significance for a sustainable future. The event was centred on the theme "If There is Water, there is Tomorrow," emphasizing the urgent need to conserve water at individual and community levels.

### **Objectives of the Seminar**

- ❖ To highlight the growing water crisis and its impact.
- ❖ To promote water conservation techniques and sustainable practices.
- ❖ To encourage community participation in water management.
- ❖ To discuss government policies and initiatives related to water conservation.

### **Key Highlights of the Event**

#### **1. Inaugural Session**

The seminar was inaugurated by Dr. Rakesh Ranjan, who emphasized the importance of water sustainability in the face of climate change. He called for collective efforts to protect and conserve water resources for future generations.

#### **2. Expert Discussions**

A panel of distinguished speakers shared their insights on various aspects of water conservation:

- ❖ Dr. Rakesh Ranjan spoke on the global water crisis and the need for policy-level interventions.
- ❖ Dr. Sunil Kumar Chaurasiya discussed water scarcity in India and highlighted scientific solutions for water conservation.
- ❖ Santosh Dewani elaborated on traditional water conservation methods and their relevance in modern times.
- ❖ Rajesh Singh focused on community-driven initiatives for sustainable water management.
- ❖ Honey Chaurasiya encouraged youth participation in water conservation efforts and stressed the importance of awareness campaigns.

#### **3. Participation and Attendees**

The event saw an enthusiastic participation of 30 attendees, including:

- ❖ Media representatives covering the event and spreading awareness.
- ❖ Members from the voluntary sector working on environmental conservation.

- ❖ Self-Help Group (SHG) members engaged in sustainable water practices.
- ❖ Youth representatives, advocating for responsible water usage.
- ❖ Eminent citizens who shared their perspectives on local water issues.

#### **4. Community Engagement and Demonstrations**

- ❖ Local residents shared their experiences of water scarcity and discussed ways to tackle the issue.
- ❖ Students and youth groups actively participated through poster presentations and short speeches.
- ❖ A pledge-taking ceremony was held, where participants vowed to use water responsibly and spread awareness.
- ❖ Practical demonstrations on rainwater harvesting, greywater recycling, and efficient irrigation methods were conducted.

#### **Message of the Event**

The seminar concluded with a powerful message: Water is life, and every drop counts. Conservation today ensures a sustainable tomorrow.

#### **Conclusion**

The World Water Day seminar in Pauradhar, Doomarkachhar, organized by SANDHAN TRUST, successfully spread awareness on the importance of water conservation. With insightful discussions and active community participation, the event inspired individuals to take meaningful action towards saving water.

SANDHAN TRUST remains dedicated to its mission of promoting environmental consciousness and sustainable water management.
